PROFILE

A passionate Cyber Security enthusiast who has strong foundation on Cyber Security, Networking and Reverse Engineering. Skilled in Mobile and Web Application Penetration Testing, Malware Analysis, Incident Response, Log Analysis, etc. Has industry level experience in using security auditing tools, SIEM/SOAR solutions and also familiar with Cyber Security Frameworks.

OBJECTIVE

I seek challenging opportunities where I can fully use my skills for the success of the organization and to work in an environment which offers a good opportunity to share my knowledge and skills with others and participate myself and work towards a complete satisfaction of the company.
